TIPS FOR PLAYERS

- VR gaming at Zero Latency VR is an active and intensive activity, so make sure your group wears **comfortable/sports** clothing and suitable shoes (no high heels).
- Make sure that the participants are present at least **15 minutes** before their sessions. You need this time for check-in.
- You must be **physically able** to walk around unaided for an hour and use both hands the entire time.
- Glasses with larger frames may not fit in the VR headset. We therefore recommend wearing **contact lenses** for optimal comfort.
- Use of **alcohol or drugs** before or during your session is not allowed. Players who are under the influence will be refused.
